### Parish building and repairs project.

This is almost completed now. You are welcome to go through the sacristy after Mass to see where the floor has been raised for level access to the meeting room / winter oratory and the disabled toilet. If you go beyond the door from the toilet vestibule into the presbytery reception area, (marked PRIVATE) you have left the public area and you will find steps there which you descend at your own risk, so please be careful. Some people have already tripped and we don't want any accidents.

The toilet at the bottom of the ramp is the one that should normally be used, unless you need the disabled facility. This is especially during services to avoid distracting people by walking up to the front of the church. Thank you for your co-operation in this.
